

KONVOMep™

(omeprazole and sodium bicarbonate
for oral suspension)

Ask your doctor or pharmacist if KONVOMEP is right for you

This guide was developed to help facilitate the conversation between you and your doctor or pharmacist. Print this guide or upload it to your online medical portal to see if KONVOMEP may be a solution for you.

Check if Yes

Things to Consider

Are you currently taking omeprazole to treat your symptoms?

If yes, for how long? _____

How is the treatment working for you? _____

Are you struggling to take your medicine as prescribed?

If yes, describe why: _____

Do you prefer to take medication in liquid formulations instead of pills?

If yes, describe why: _____

Do you have a hard time swallowing pills?

What may be making it hard for you to swallow pills? _____

Do you have trouble affording your current medicine?

How are you paying for your current medicine? Commercial insurance, Medicare, Medicaid, or out of pocket? _____

Include any other notes you'd like to share with your doctor or pharmacist:
